REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose and/or fairly teach in combination an intervertebral implant an upper and lower bodies each defining inferior and superiour surfaces; an insert configured to be positioned between the superior surface of the lower body and the inferior surface of the upper body prior to insertion of the intervertebral implant; an expansion member configured to engage the insert; a set screw configured to be rotated to advance the expansion member to engage the insert such that the insert increases a separation distance between the upper body and the lower body after insertion of the intervertebral implant in the human spine; and wherein by increasing the separation distance between the upper body and the lower body allows increased articulation of the implant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID J. ISABELLA whose telephone number is 571-272-4749. The examiner can normally be reached on MONDAY-FRIDAY.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, CORRINE MCDERMOTT can be reached on 571-272-4754. The fax phone
